# WOULD MOVE

# **Keweenaw County**

It is reported a movement is gain ing headway in Kewconnw county which has as its object the moving of the county sent from Fagle River, to Ahmeek or Mohawk. It is argued that Eagle River is almost innecessible v:hereas either of the above locations ould be easily reached, and as they furnish the bulk of the business which comes before the court, it is claimed called out yesterday afternoon, to sup- this could be handled with more dispatch if the move were made,

> Ahmeek, because it is an incorporated village, where a site could be se cured for a county building and be cause it has better hotel facilities, offore more advantages than Menawk, satisfactory to Keweenaw county resi dents. With the barning of the Easte River hotel and the likelihood that is will never be rebuilt, Eagle River left without any suitable boarding house which would be available during sessions of the court. This undoubtedly would prove one of the strongest arguments for the moving of he county seat to some other town While no definite steps have been taken, it is not unlikely that the matter will be taken up in definite form it the near future.
